

International Keynote Speaker & Best-Selling Author

“ Jones is an innovative voice in our new world of work. - Marshall Goldsmith

“ His insightful and humorous presentation was the perfect approach to energize and engage the participants! - Tom Brooks AT&T - Washington, D.C.

Dr. Jason Jones equips leaders to rewire their approach for the age of disruption where yesterday’s leadership playbook simply won’t cut it. The rapid acceleration of change demands a new operating system for leadership. One rooted in brain science, built for adaptability, and proven to unleash untapped potential.

Dr. Jones is the world’s foremost expert on NeuroAdaptive Leadership, a groundbreaking approach that fuses neuroscience with practical leadership strategy to help organizations thrive under pressure. Jason’s work is built on decades of scientific study and real-world application, enabling him to translate complex brain science into actionable tools that transform leadership capability, team performance, and organizational culture.

As a former Fortune 10 leader, Jason knows the real-world pressures leaders face: driving results, inspiring teams, and staying ahead of disruption. He combines cutting-edge neuroscience with actionable strategies to help leaders not just keep pace—but lead with clarity, confidence, and influence in a rapidly evolving world.
